

David Reid Homes Perth is Best New Builder

David Reid Homes Perth has taken out the Best New Builder Award at this year's Master Builders-Bankwest Housing Excellence Awards. This was the 30th anniversary of the prestigious Master Builders housing awards in WA.

David Reid Homes Perth is a building company specializing in unique architectural designs and quality craftsmanship for luxury homes. Their focus from the beginning has always been on the team and the strength of relationships David Reid Homes enjoy with their clients. Their constant focus on quality at all levels means that their team of architects, designers, project managers, interior designers and landscapers are all committed to 'raising the standard' in everything they do.

Master Builders' Director, Michael McLean, congratulated the outstanding team at David Reid Homes for winning this year's Best New Builder award.

"To qualify for the Best New Builder award, you must be a registered builder for five years or less, and display qualities befitting a Master Builder which include quality workmanship, attention to detail, pride in the job, excellent safety standards, be innovative and complete projects on time and on budget."

"Master Builders will always be proud to showcase the best housing builders, like David Reid Homes Perth, to the public through our housing awards," Mr McLean said.

"This is an important award for our industry as it demonstrates to the public the quality of young builders coming through the ranks."

The Master Builders-Bankwest Housing Excellence Awards are unique in that they recognise the best builders based exclusively on their construction excellence and quality of workmanship. Each year a team of experienced building judges inspect nominations in a variety of categories which include individually designed contract homes, display homes, renovations and transportable homes.

The awards were presented at a gala function at the Perth Convention Exhibition Centre on 6 March attended by a crowd of over 680 builders, support staff, sponsors and guests.

There was a record number of over 320 metropolitan entries in 2010 received this year, which reflects a strong recovery in the residential construction market across the state.

David Reid Homes and other award-winning homes will represent WA at the national Master Builders Housing and Construction Awards in Canberra on 19 November 2010.
